ABOUT THE ENVIRONMENTAL LAW CENTRE:

The Environmental Law Centre (ELC), a public interest environmental law charity, believes that law is one of the most powerful tools to protect the environment. Since it was founded in 1982, the ELC has been and continues to be Alberta's only registered charity dedicated to providing credible, comprehensive and objective legal information regarding natural resources, energy and environmental law, policy and regulation in the Province of Alberta. The ELC's mission is to educate and champion for strong laws and rights so all Albertans can enjoy clean water, clean air and a healthy environment.

As a charity, the Environmental Law Centre depends on your financial support.

[Help us](#) to continue to educate and champion for strong environmental laws, through tools such as [our blog](#) and all of [our other resources](#), so that all Albertans can enjoy a healthy environment.

Your support makes a difference.
